

Says
What have we heard them say?
What can we imagine them saying?

Thinks
What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Useful for maintaining privacy are hiding cluttered.

Add a touch of professional or fun to video calls.

Do they effectively replace the need for a physical BG?

Which devices and operating systems support virtual BG?

Are there alternatives to zoom’s virtual background?

Where to find and download virtual BG especially related to specific themes?

Allow to express our sense of humor.

May find the novelty of virtual backgrounds interesting.

Transport ourself to iconic landmarks without leaving our home.

Maintain a clean and organized BG to project a professional image.

We feel variety of emotions.

It can sometimes make us feel disconnected from the real world.

Protect our privacy by using this to hide our real environments.

Showcase our personality and interests with BG that features our artwork or quotes.

Animated or intriguing BG can be distracting, it harder to focus.

Frustration or annoyance can arise if the BG feature may cause technical issues.

Does
What behavior have we observed?
What can we imagine them doing?

Feels
What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
